

## YOU CAN LEARN TO SAFELY AND LEGALLY SHOOT A HANDGUN.

If you have always wanted to know about shooting handguns or simply need a new form of challenging recreation, try handgun shooting. If you have never handled a handgun, there are certain pre-requisites before taking a hands-on shooting lesson. Anyone wishing to try handgun shooting for the first time must qualify by one of the following:

1. Have a current Canadian firearms licence
2. Have successfully completed the Canadian Firearms Safety Course and Canadian Restricted Firearms Safety course

This is a great opportunity for anyone who has had an interest in handguns but never pursued the avenues to actually shoot one.

For first timers, I can supply everything you will require from firearms, hearing and eye protection to ammunition and range time. Or we can use the equipment you may already own.

Each session consists of two hours of hands-on instruction and live fire. You will be able to use firearms using everything from the basic .22 Long Rifle rimfire cartridge through .38 Special, .40 Smith & Wesson, .45ACP right up to .357 Magnum. A wide selection of firearms is available so you may have a well rounded experience.

To learn more, call the number in this brochure or visit my website,

### WHO IS THE INSTRUCTOR AND WHAT ARE HIS QUALIFICATIONS?

He is a certified professional with extensive knowledge of firearms and instructing.

Please review his credentials.

Mr. Gardner has over thirty-six years of experience in competitive pistol shooting as one of the founders of the International Practical Shooting Confederation (IPSC) in Canada and over ten National titles in addition to North American & Pan American Champion titles. He has a working knowledge of all aspects in the firearms field. As the Development Coordinator and Executive Director of the BC Federation of Shooting Sports for over nine years, he trained and certified over 160 hunter education instructors in the firearms component of CORE . Mr. Gardner has been involved with the Canadian Firearms Safety Course (CFSC) with the contractor to the Justice Department where he;

- contributed to, and worked on, the development of the CFSC student handbooks; trained and instructed over 200 of the CFSC Master Instructor's across Canada; worked on the video to accompany the CFSC handbook.

- worked on the script, production and editing of the video to accompany both handbooks.

- 1992/93, worked as the Head Technical Consultant to the Government of Canada contractor for the CFSC

- in 1998/99, was the Head Technical Consultant to the Government of Canada contractor for the CFSC

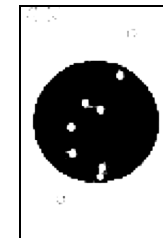

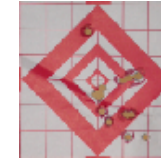

- 1998/2000, trained over 280 Canada Customs officers in both courses

He has trained over forty Instructors and certified over 3,800 students to date in BC..

As well as teaching over 200 students each year, Mr. Gardner maintains his successful competitive shooting and coaching career.

# MY FIRST HANDGUN

## WHAT TO GET? HOW TO USE IT?

**LOOK INSIDE**

# HOW TO BOOK YOUR LESSON

**Just call 604.889.3822**

Each lesson is individually tailored to a student or students. When you call we will determine the best time and day for you to spend two hours learning what you need to begin the exciting sport of handgun shooting.

Your lesson will be a minimum of two hours. The package price will include range fees, if applicable, ammunition, targets, eye and hearing protection and everything you need.

# WHAT WILL THE LESSON COVER?

Everyone has different needs.

Beginners will have an opportunity to first learn the proper basics of safe handgun shooting. This seemingly simple task eludes most beginners as they focus on hardware, guns, and not skill or marksmanship.

You will learn the basics of marksmanship in order to go on and pursue other avenues of pistol shooting.

In the first part of the lesson you will learn the "magic" of what a good pistol shooter needs to know.

Once you have become comfortable in that with rimfire firearms, then you will move up to larger calibre handguns. These will include various actions and trigger functions so that you may begin to realize how much there is to shooting a handgun.

# WHERE IS THE LESSON HELD?

**NORMALLY PCDHFC**

**SEE THE MAP BELOW**

PCDHFC is the largest public facility in Metro Vancouver and can accommodate whatever type of target shooting in which you may wish to be involved.

It is easily accessed approximately 1/2 hour from most locations in Vancouver.

If you should have another location that we might access and works for us, then we can discuss that possibility.

Call today in order to book some time.

Range time can be at a premium.

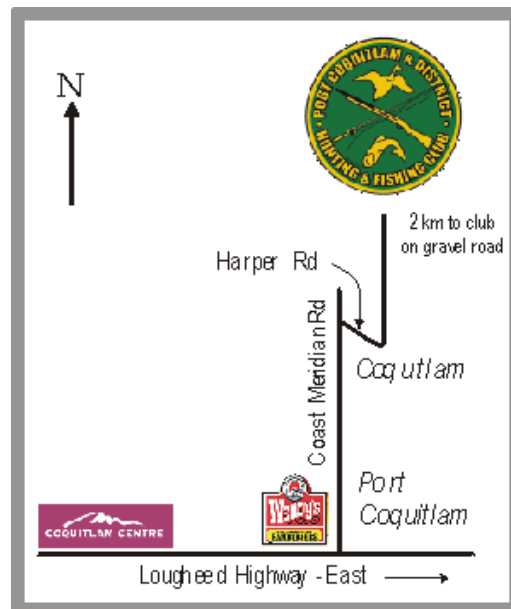

# WHAT DO I DO ONCE THE LESSON IS OVER?

**GO BUY A HANDGUN AND START SHOOTING!**

You will have enough knowledge by then to purchase a handgun for your needs and use. It may be a rimfire plinker, a centrefire target gun or maybe even a specialized sport specific pistol.

You will be ready to move up!
